## Belgrade is all about:

### PEOPLE...

#### Typically Serbian!

It does not take long for foreign visitors in Serbia to discover the **hospitality, kindness, openness and warmth** of the **PEOPLE** who live in Serbia. **Shaking hands**, done using the right hand is customary, **kissing** is not a necessity when meeting somebody for the first time, but every time you meet from then on, if you have developed affection for the person in question, kissing three times on the cheeks is the order of the day in Serbia...

*At the foot of the Fruška Gora hills, in the shadow of the **Petrovaradin Fortress** lies the Gibraltar of the Danube, Novi Sad. A city with a history just over 300 years long. Today **Novi Sad** is a city with population of 400.000 and multinational with a majority Serbian population, but with a great many other nationalities, too: Hungarians, Croats, Slovaks, Ruthenians, Greeks, Cincars, Jews, Romanians and Roma. The city of a unique culture and many internationally known festivals. It is a capital of Autonomous Province of Vojvodina, second largest city in Republic of Serbia. The city is located on the banks of the Danube river and Danube-Tisa-Danube Canal, and facing the northern slopes of Fruška Gora mountain. The town was established in the 17th century as settlement of artisans and merchants on the left bank of the Danube River. The city centre abounds in buildings of different architectural periods, including gothic, baroque, secession and neoclassicism. The focal point of the city is the Petrovaradin fortress, built high on the banks of the River Danube, offering stunning views over the city of Novi Sad. It is an ancient fortress site originally occupied by the Romans, and re-built by the Austro Hungarian Empire to defend against the Turks in the 17th Century. Novi Sad is simply one of the historical treasures of Europe.*

Tesla was a scientist ahead of his time. Most of things, we use in our daily life, are based on Tesla`s inventions: mobile phone, remote control, radio, cars.... There are 160.000 more of them in Telsa`s museum in Belgrade.

But the main revolutionizing idea, that was never reveled and allowed to world just because todays billionaires would not be what they are, is now on you to test.

*“Nikola Tesla Museum” BE SWITCHED!*

## Dinner in: “Toro”

*A renowned chef and owner of restaurant chain in the world's metropolises, Richard Sandoval opened his first restaurant in Serbia with the concept of "small plates" based on Latin American flavors.*

*Toro is located in an authentic setting concrete hall at the port that is slowly but surely growing into a very serious gastronomic destination with the most diverse offering. The space is large, open and bright. Interior design is a bit unusual, but obviously made with a lot of attention and very alluring. There is also a summer terrace with a beautiful view of the river. The interior is dominated by an open kitchen, which is laudable because the guests can watch the preparation gourmand who will then have the opportunity to try.*

	Morning	Noon	Afternoon	Dinner	Night
<b>DAY</b> <b>4</b> 21.04.	Breakfast and Belgrade bike tour followed by bubble football. Time for “Bubble football”. It is fun it is crazy, it is exhausting but fur sure it is not football...		SPA afternoon with massage in Metropol Palace hotel.	Underground dinner with wine tasting.	

- Bike tour in Belgrade will start at downtown “Sava mala” and continues towards “Ada Ciganlija” city lake by the bank of river Sava and passing by “Belgrade waterfront” project. It takes about 2 hours of light biking.
- Our special guide is Ralf

## • *Bubble football*

*Games are generally played 5 on 5 and the rules are almost identical in Futsal. However, since each player has a bubble around, in this game there is no goalkeeper. The main goal is of course to score, but also to prevent opponent to do the same ... The game takes place in such a way that the players hit each other, bounce off the side walls, rolling and jumping. Try BUBBLE FOOTBALL and you will not be able to remove the smile off your face !!!*
